ABOUT THE PROBE2 SUPPLEMENTARY KIT

It is **not** a kit with additional stories, etc.

**PURPOSE**
When multiple copies of the (full) PROBE 2 Reading Comprehension Assessment kit are required and budgets are limited, the PROBE2 Supplementary (kit) provides an alternative.

**THE KIT HAS 2 BOOKS:**

- **BOOK ONE**
  - Guide & Answers

- **BOOK TWO**
  - Student Texts

**SO, WHAT IS THE DIFFERENCE?**

It has (almost) all the elements of PROBE 2 Reading Comprehension Assessment: same stories, questions & answers, **BUT** there are **NO COPYMASTERS**.

Copymasters are accessed from the manual in a full kit.

**THERE ARE CONDITIONS OF SALE**

- Supplementary kits are **ONLY SOLD TO SCHOOLS**.
- Each school campus must have purchased at least one full PROBE 2 kit.
- Proof of purchase may be required.
- Kits only for use by the institution that has purchased them (they cannot be shared).
- Not sold to private or specialist educators.

**SOME TIPS TO GETTING STARTED**

If you want to use this assessment as it was designed to be used, carefully read through the manual, the texts, answers & notes before you begin. Refer to them often from then on in.

**EXPERIMENT FIRST**

- Use a compliant child or adult you know - someone who has good self-esteem as a reader.
- Well before using PROBE itself, find a starting point (use prior knowledge or PROBE Determiner)
- Use only fiction or only non-fiction for this trial - not both as is normal.
- Familiarise yourself with the beginning text (as well as two or three above & two or three below).
- Familiarise yourself with the appropriate answers and notes.
- Just before starting the test it will help you if you refer to the ready reference pages:
- You'll need to proceed slowly, so explain to your trial reader it's **to do with you - not them**.
- Discuss your results with a colleague. Peer review should remain a regular occurrence.

The more you work at using the test correctly, the more confident you'll become.
Your achievement of a state of relaxed alertness will positively affect your students.
You'll be able to make better observations and your skills of evaluation will grow.

USING THE PROBE STUDENTS’ GUIDE

PURPOSE
PROBE Reading Comprehension Assessment Students’ Guide™ is designed to share with students before they are assessed with PROBE Reading Comprehension Assessment. Students will learn about the assessment’s purpose and design.

Key features include advice on: - staying relaxed but alert.
  - how to read more effectively.
  - how the questions are designed.
  - how to answer the questions.

With a group presentation, time spent explaining the process to each student is significantly reduced, if not eliminated.

PROCEDURE
It is a slideshow. You move at the pace you think is best.
Familiarise yourself with this guide before sharing with your students.
Show this guide to all students before they are tested.
Read aloud the words on each slide.
Clarify wherever necessary.
Students will benefit by viewing all, or parts of this Guide more than once.

10 PARTS
PART 1: THE PURPOSE OF THE TEST
PART 3: PREPARING YOUR MIND
PART 5: THE WAYS PROBE IS USED
PART 7: ABOUT THE QUESTIONS
PART 9: MORE THAN ONE STORY
PART 2: WHAT IS EXPECTED OF YOU
PART 4: THE PRE-TEST
PART 6: HOW TO READ THE STORIES
PART 8: ANSWERING QUESTIONS
PART 10: SUMMARY

PRESENTATION METHOD
Present with a computer, data projector, or interactive whiteboard [but not a phone].
